All-Students Will Meet Star Players From Pacific League

Team Picked to Go to Kauai Will Clash With Team Headed By Henry Chillingworth at Moiliili Field on Saturday Afternoon—Squad Selected From Star Players of Circuit—Eight Teams Represented—Healanis Meet Chinese in First Game

ALL PACIFIC TEAM
Catchers—Lee, Braven; Yoshikawa, Aoki; Pitchers—Sam, Ku, Braven; Nelson, Braven; Stewart, St. Louis; First base—Planas, Philinos; Chillingworth, Hawaii. Second base—Marcial, Philinos. Third base—Anahu, Braven. Shortstop—Wah Han, Chillingworth. Left field—Fung, Chillingworth. Center field—Fung, Chillingworth. Right field—Fung, Chillingworth. Healanis, O. F.—White, Healanis.

ALL-STUDENTS
Catchers—Kurisaki, St. Louis; Kau, Leong, McKinley. Pitchers—Hayes, St. Louis; Baldwin, Punahou; Nuss, St. Louis; First base—Lal, St. Louis; Markham, St. Louis. Second base—Haneberg, St. Louis. Third base—Miyahara, McKinley. Shortstop—You, St. Louis. Left field—Kau, Leong. Center field—Lal, St. Louis. Right field—Sun, Hung, Mills.

Honolulu baseball fans who are interested in the All-Student team which will go to Kauai will have an opportunity to see this team in action before they leave for the Garden Isle. The All-Students will meet an All-Pacific team selected by Henry Chillingworth on Saturday afternoon at Moiliili field at 3:30. This contest will be the second game of a doubleheader, the Chinese and Hawaii staging the first contest.

The teams as lined up on paper appear to be about evenly matched and should put up a fast game. The All-Pacific team should have the edge on the All-Students in hitting, but the All-Students look best in the fielding department. The All-Pacific team will be handled by Chilly while Billy Miles will sit on the bench for the students.

Chillingworth selected his team from the players with a view to offensive and defensive work. No vote was taken and Chilly said it was a difficult matter to select the men to the positions. He did not show any favoritism for his own team, as not a McKinley man is on the team, but he has asked to use Kau Leong behind the bat, should Kurisaki catch for the student team.

BUCKLAND TOPS OAHU-SERVICE BAT WIELDERS

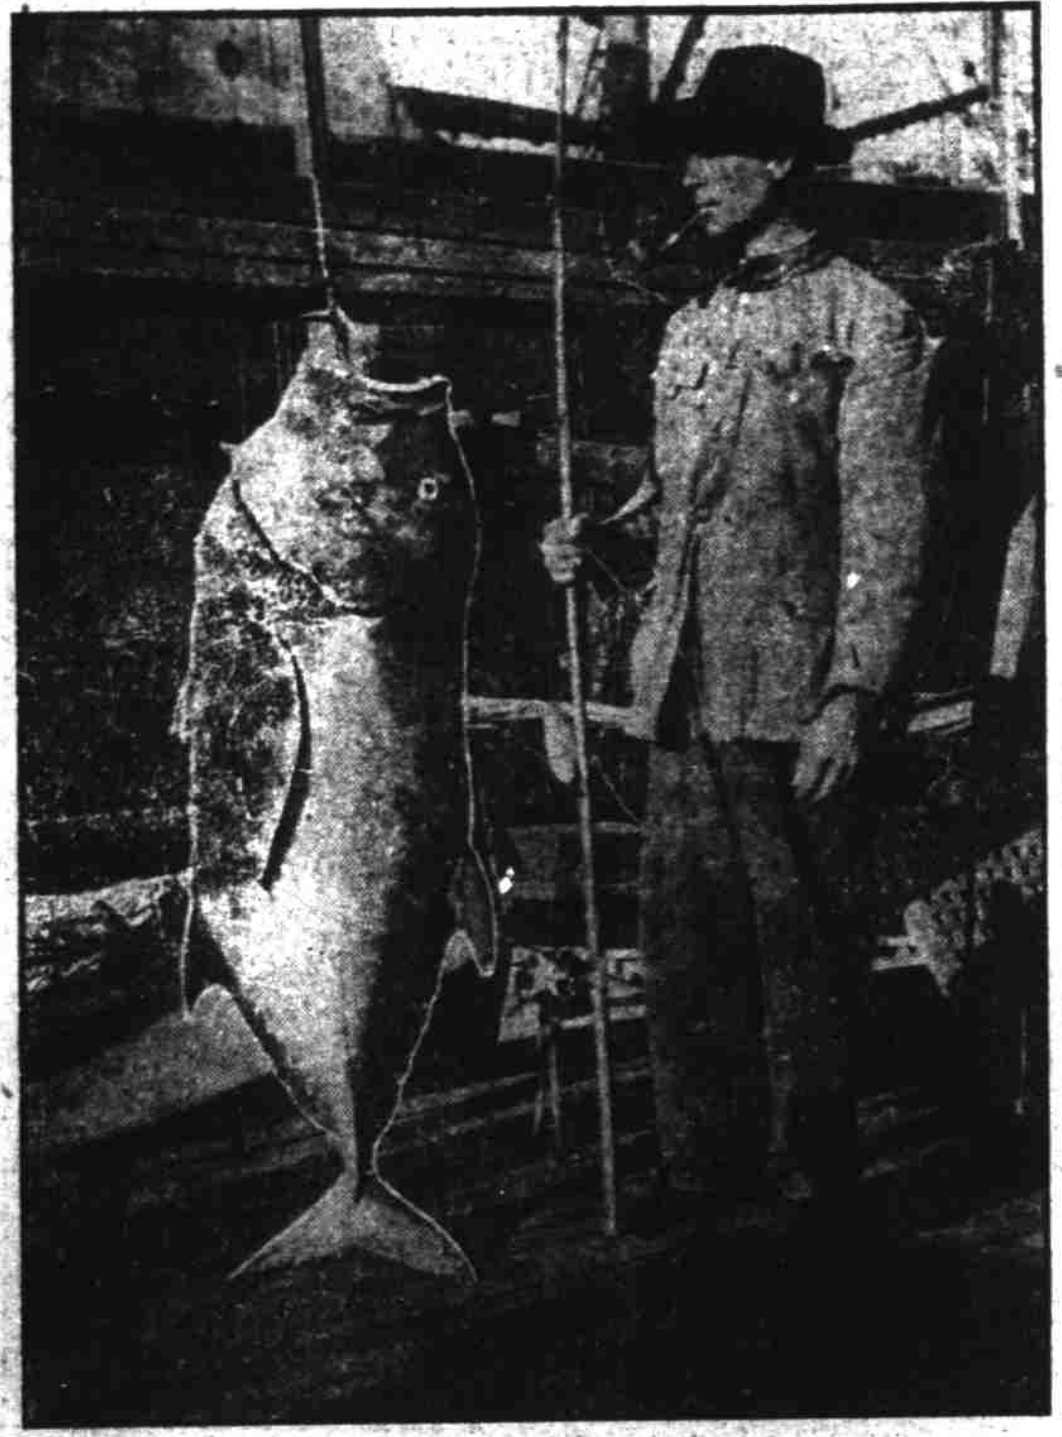

Hawkins Falls From Top Rung of Ladder; 11 Regulars are Hitting Over 300

Hawkins of the 25th lost one of the buttons off that suit of clothes which will be given to the leading batter of the Oahu Service League by Leaders. Last week he was the leading hitter of the league. He failed to hit in last Sunday's game against Ruger and as a consequence is topped by five batters. Buckland of the 32nd Infantry, who has been over on Hawaii, is the leading hitter. If you do not figure Chilly's ten times at bat, and Dunlap of the All-Stars is second, with Johnson of the Wreckers and Kelly of the Wreckers, then close. Gollah, Hawkins, Lang Akana, Aniston and Moore are all hitting over 200. The 25th Infantry team still leads in hitting with the All-Stars at the top in fielding. The All-Stars lead in sacrifice hits and stolen bases. Charles Lyman is the best sacrifice man in the league. Lang Akana and Strout lead in stolen bases. The figures are as follows:

TEAM BATTING AVERAGES									
AB	R	H	SH	SB	Pct.	AB	R	H	SH

Any Doubting Thomases Around?

In case the Food Commission runs short of supplies all that they will have to do is to delegate A. W. Neely, the new member of the commission, to get out with his little hook and line and bring in a supply of fish. Neely on a recent trip established a record for ulua, landing a fish which weighed more than 100 pounds. The former record was held by Jimmy Jump. When Governor Lucius E. Pinkham heard of what Neely had done he decided that then and there was the time to appoint a man to the commission who could go out and bring home bacon, or rather fish. The supply of potatoes may be rather short in the the bacon or rather fish. The supply fish. Neely will be on hand to demonstrate "The Man With the Hook."

"BOBBIE" MOORE WENT TO SCHOOL WITH B. LEONARD

(Special Star-Bulletin Correspondence)
SCHOFFIELD BARRACKS, June 25.

Probably no other person on Oahu enjoyed closer acquaintance with Leonard, the new star of the boxing firmament, than "Bobbie" Moore, the popular little scrapper of the 32nd Infantry. Moore was brought up with Leonard on the great East Side of New York City, both attending the same school, namely P. S. 19, Manhattan, the former blushing confession: he had something on Leonard in school days anyway in that he beat him to graduation by one class. After their school days both Leonard and Moore joined the Clark Settlement and worked out daily in its spacious gymnasium. Many of the best boxers to don the mitts hailed from this settlement, the more prominent being Leach Gross, Monte Cross, "Young" O'Leary, "Young" Brown, and a host of others. K. O. Brown, while not a permanent resident of the big East Side, hailing from the more transient district known as "The Gas House," also attended the gymnasium referred to for workouts. Some of Manhattan's best boxing promoters availed themselves of its facilities and the excellent training to be found there, for trials for their proteges. Leonard's younger brother, Charlie, for amateur champion at 125 pounds, has just turned professional according to word received by Moore.

Moore is doing overtime in the Army, his regular enlistment term having expired, and is now serving the period that ordinarily would have placed him on the reserve roster, and while occasionally expressing a desire to be back home and appearing at some of the big affairs, is most content with his lot and pursues his duties as corporal in Uncle Sam's Army with his usual zeal and energy, though utilizing such spare time as may come his way in keeping in the pink of condition. There are several good lads at the big post, who, when opportunity affords, receive the benefit of Moore's experience and, no doubt, at some future date will render a good account of themselves.

"Bobbie" is one of the lads to offer his services in the athletic carnival suggested to be held in Honolulu for the benefit of the local Red Cross branch, and if plans materialize Honolulu boxing fans will have an opportunity to see the popular little scrapper in action against a good opponent, DeMott being the logical candidate to mix with Moore.

BIVENS DEFEATS MERRILL IN Y. M. CHAMPIONSHIPS

In one of the fastest matches ever played on the Y courts, Biven defeated E. C. Merrill in the finals of the Y. M. C. A. singles tennis tournament yesterday afternoon. Biven showed all the qualities of a champion, having perfect control of the ball, and a service that was almost faultless. After serving, Biven would follow the ball up to the net where he played a wonderful game, his opponent being unable to put the ball past him. Biven has a terrific drive and the way he uses it to his advantage will make him a comer in the tennis world.

On the other side Merrill showed good form but lacked the drive to get the ball past his opponent. Again Merrill was unable to cover the court from the placement of the stronger player.

The score in games: Biven defeat Merrill 6-0, 6-2, 6-3.

June 6, Louis Alonzo, 36, a laborer, was struck and killed by a passenger train on the Shore Line division of the New York, New Haven and Hartford railroad at East Haven.

Honolulu Cinder Path Stars Will Compete in Hilo July 4

Honolulu will send a real track team to Hilo on July 4. Announcement was made today by John Watt, the crack Cornell hurdler, that he would take a team to Hilo to compete in the track and field events which will be held in the Crescent City on the afternoon of Independence Day. Watt has perhaps gained as much prominence on the cinder path as any Honolulu boy who has worn the spiked shoes. He made his team at Cornell, and in the last intercollegiate events scored points for the Ithaca team. Watt met Murray in the intercollegiate at the time the Californians set a new record.

Set New Record
Watt later raced with Earl Thompson, the Southern California timber topser, and established a new indoor record. With Starr, Gubb and Watt to run the hurdles Cornell always figured strong. Watt also appeared in the field events, being especially strong in the jumps. The Cornell flyer should set a number of new records at Hilo.

Joe Stickney, the Pan-Pacific speed merchant, will be a member of the team, and inasmuch as Joe can run the quarter around 51 and 52, he ought to show his heels to the speed burners in Hilo. In the last meet held here Joe came to the tape in time around 51. He is also fast in the furlongs and will make good time for the century.

George Bromley, Ernest Mott-Smith, George Lindley, Bill Bibe, J. Dwight and others may go. Stickney, Watt, Dwight, Lindley and Mott-Smith have already booked, and the other track athletes may be able to make the trip.

Bromley May Go
Bromley made a good record at Punahou and later scored a number of points for the College of Hawaii. He captured the all-around honors in the last meet. Mott-Smith and Lindley are especially good in the high jump and pole vault, and both can run the relay. Bibe was the winner in the last high hurdle race held here.

This team should carry off the honors in the relay, and should take a number of points in the other events. It has been suggested that Hilo combine their forces to give the Honolulu team a real rub. John Watt is anxious to send a strong team over to the Big Island, and requests that all track athletes who can make the trip communicate with him at the Territorial Food Commission, over Castle & Cooke's.

Boost For Sport
This meet should do much to create interest in track athletics at Hilo, and with a number of new records established the Crescent City athletes would have some real marks to shoot at. The trip will also add interest in September of this year. With Watt and a number of other stars on hand, the local track athletes are anxious to get at the runners from the 25th Infantry.

With the track team competing in Hilo, the time will be ripe to once more advocate the staging of a Volcano House. This event if staged would mark a new epoch in track athletics in Hawaii. It would be a run unlike anything else in the world, and Hilo and Honolulu would derive much benefit from the advertising. Hilo has a chance to make this run an annual feature, and with a number of relay teams entered, the event would be one of importance. The Star-Bulletin suggested this run some time ago, but nothing came of the plan. The Honolulu boys can start something big by advocating this run when they go to Hilo.

It's toasted

THE slice of toast that is made on your modern gas range is pretty good. But do you remember when they made it over the coals of the kitchen stove, with a long toasting fork? Browned just right, crisp, and buttered hot. Those were the days.

We've gone right back to this fine, simple old idea to make Lucky Strike, the real Burley cigarette. Yes, sir! The tobacco's toasted.

We made this discovery after five years of experiment. This you couldn't have a ready-made Burley cigarette; held. And you certainly wanted it; look at the sixty of Burley you poured out of those green, red and last year. "Blame good tobacco!"

So now go to it; Lucky Strike Cigarettes; delicious. It's a new flavor—you'll enjoy the idea of the buttered toast.
